

HUGO BOSS

HUGO BOSS is a global leader in the upper premium apparel market. With some 14,000 employees around the world, the German Group develops and sells high-quality fashions and accessories for women and men under its BOSS and HUGO brands. Its products range from classic contemporary apparel, elegant evening fashions and casualwear through to shoes, leather accessories and licensed products including fragrances, eyewear, watches, home, kids wear and writing instruments.

Numerous events and campaigns support the distinct positioning of the BOSS and HUGO brands; the calendar's highlights include fashion shows held within the framework of international fashion weeks. For many years, HUGO BOSS has been engaged in the fields of sport and the arts. Within the former, it taps premium sports such as golf, sailing, soccer and motorsports to convey the brand values of success, precision, innovation and sustainability. HUGO BOSS also views support for contemporary art, with its affinity to fashion, as a key element of its social commitment. To this end, the Group works with selected art and design institutions and confers two major awards in conjunction with internationally renowned art institutions.

The HUGO BOSS writing instrument line was launched in 2015 and has quickly become a force to be reckoned with on the premium writing market. Approaching this segment with a fashion house point of view, the HUGO BOSS line offers perfectly crafted and performant products, while focusing on coming up with innovative and disruptive designs. The line offers pens on diverse creative segments; from classical items to pens that are directly inspired by the HUGO BOSS fashion line. A selection of the pieces also find their design roots in architectural structures. The writing line is completed with a full range of matching writing accessories, such as notebooks, folders and pen pouches, as well as electronical items such as powerbanks. Today, the HUGO BOSS writing instruments are available in over 100 countries across over 2000 point of sales.

PURE

The « Pure » line with its tapered yet aerodynamic silhouette redefines modern lines with structural simplicity. The new « Tire » version is the embodiment of the line technical precision and contemporary feel. STEP

The geometric and architecture inspired shape of the « Step » pen manages to be simultaneously unique and classical. The smooth cap surface and faceted barrel are offered in two versions that beautifully complement each other: matte laquered midnight blue with dark chrome trims, and an unexpected, resolutely modern all matte chrome version. This distinct line is highly technical, and perfectly balanced, allowing for an optimal writing experience.
